**Subject: California American Water Adoption of
Western Placer County Groundwater Management Plan**

Gentlemen,

As a participant in the development of the Western Placer County Groundwater Management Plan (WPCGMP), California American Water (Cal Am) approves, and hereby adopts, the management principles provided in the Plan.

Presently, Cal Am serves only surface water in our West Placer County Service Area under a wholesale agreement with Placer County Water Agency. The WPCGMP will continue to foster cooperation between water purveyors while allowing for conjunctive use of groundwater. The plan incorporates planning elements relating to groundwater monitoring, resource protection, groundwater sustainability and planning integration. All of which are important components necessary to utilize and yet fully protect this valuable resource.

Cal Am agrees to actively support responsible groundwater management in West Placer County, as we have in the groundwater basins under the purview of the Sacramento Groundwater Authority (SGA) and the Sacramento Central Groundwater Authority (SCGA).

If you have any questions, please contact Tom Glover at (916) 568-4259.

Sincerely,

B. Kent Turner
President
California American Water
